**List of Equipment**

- Feedback Systems training kit which includes trainer boards for various techniques like Time-Frequency Analysis, AM and FM, PCM and DM, etc.
- TDM and FDM Trainer boards
- Baseband Communication Trainers
- Digital Modulation Trainers
- Telephony Trainers
- Optical Communication Trainers
- SDH backbone system
- Optical Reflectometers (OTDRs)
- PCM/SDH Analyzers
- High performance computing machines with standard simulation tools
- Bluetooth Trainers
- Microwave Transmission Link
- Digital Storage Oscilloscopes
- Signal Generators & Spectrum Analyzers
