Professional Training Courses

- Participation in “Way Forward to Address the Challenges and Issues faced by HEC while Attesting/Equating the Educational Credentials of Pakistani Institutions in 21st Century” held at Lahore, January 31, 2015.

- Indigenous on-Campus Training Program for Management Team, University of the Punjab in collaboration with Higher Education Commission – Pakistan from October 27-31, 2014.
- Level 2 Award in Health & Safety in the Workplace by Chartered Institute of Environmental Health, 14 August 2007, at University of Leeds, UK.
- Safety Induction Course on 7th August 2007 by School of Process, Environmental and Materials Engineering, University of Leeds, UK.
- Workshop on “Research & Development Needs in Textile Processing” by Higher Education Commission, March 28, 2006 at Punjab University, Lahore.
- Workshop on “Research & Development Needs in Pulp & Paper Industry” by Higher Education Commission, September 20, 2006 at Punjab University, Lahore.
- Quality Management System ISO 9001: 2000 conducted by Institute of Chemical Engineering & Technology, University of the Punjab, Lahore for four weeks from 24.05.2004 to 24.06.2004.
- Student counselling and essentials of job hunting for career planning conducted by Institute of Chemical Engineering & Technology, University of the Punjab, Lahore in April, 2004.
- Human Resource Development (Orientation Program) conducted by Institute of Administrative Sciences, University of the Punjab, Lahore in July, 2003.
- Hydraulic Controls conducted by Staff Training Institute, Lahore in May, 2001.
- Human Resource Development conducted by Employers Federation of Pakistan in October, 1999.
- CNC Milling, Programming & Operation, conducted by Skill Development Council Lahore in July, 1997.
- The Principles and applications of statistical process control techniques, conducted by Keith Ackers Associates in July, 1997.
- Internal Quality auditing ISO 9000, conducted by Pakistan Institute of Quality control in August, 1997.
- Quality Management and ISO 9000 System, conducted by Emmay Associates for eight weeks in March, 1996.
- Internal Quality Auditing, theories and practices conducted by Keith Ackers Associates in November, 1996.
- Six Weeks Industrial Training at Prime Chromium (PVT), Limited (1990)
- Certificate of Completion on completing the residential summer school from July 28th to July 30, 2018.

Research Projects

1. Principal Investigator in Research Project “**Investigating the Nature of Lahore Winter Smog, Sources of Primary Pollutants and Mitigation Strategies**” with a cost of Rs. 64,47,970/-.
2. Co-Investigator in Research Project on technical development in clean combustion of Thar Coal at the pilot scale under International Strategic Partnership in Research and Education (**INSPIRE**) Program funded by British Council and HEC Pakistan of costs 86000 British Pounds (PKR.12900000/-). University of Leeds and University of Sheffield are partners from UK.
3. Obtained grant for Washability Characteristics of Pakistani Coal (Rs. 0.25 million; Funding Organization: University of the Punjab, 2014-15)
4. Obtained grant for Upgradation of Pakistani Coal by Heavy Media Separation and Froth Flotation (Rs. 0.25 million; Funding Organization: University of the Punjab, 2013-14)
5. Obtained a grant for Thermal Analysis and Devolatilization Kinetics of Biomasses (Rice Husk, Cotton Stalk, Sunflower Stalk, and Corn Cob; Rs. 0.25 million; Funding Organization: University of the Punjab, 2012-13)
6. Obtained a grant for Combustion and Pyrolysis of Coal and Falsa (*Grewia Asiatica*) in Air and Inert Atmosphere (Rs. 0.25 million; Funding Organization: University of the Punjab, 2011-12)
7. Obtained research grant of 2.5 lac from Punjab University entitled “Washability Characteristics of Pakistani Coal in September 2017.
8. SAARC Research Project of Rs. 1.2 million on “Present Situation, Gaps in Capacity, Technology and Policy & Regulatory Instruments in Coal Sector in SAARC Member States” by SAARC Energy Centre, Islamabad.
9. Co-Investigator for ICET and SNGPL Research Projects, as described below;

2015-2016 (Rs. 3.4 Million)

1. Pilot Plants for removal of Arsenic from potable drinking water
2. Technology for development of Desalination of water with solar energy
3. Energy conservation in boilers/ furnaces through installation of recuperator for exhaust gases and its heat usage for primary and secondary air

2014-2015 (Rs. 3.4 Million)

1. Energy efficiency in small to medium industry through improvement in design of Industrial Gas Burners
2. Estimation modeling for calculation of volumetric impact of above ground/underground gas leakage at CMS of distribution.

3. Reduction of noise level and protective measures for line pipe and fitting against freezing at downstream of regulator at SMS's.

2013-2014 (Rs. 3.4 Million)

1. Calibration / testing of gas meter
2. Estimation modeling for calculation of volumetric impact of above ground underground leakages at CMS of distribution
3. Energy efficiency in small to medium size industry through improvement in design of industrial gas burner
4. Estimation modeling for calculation of volumetric impact of above ground underground taking in to consideration SNGPL
5. Protective measure for line pipe and fitting against freezing at downstream of regulator at SMS's

2012-2013 (Rs. 3.4 Million)

1. Mitigation of internal corrosion in gas pipelines due to H₂S, CO₂ and bacteria in Qadar Pur-Bhong 36" diameter pipeline segment
2. A comprehensive practical analytical study on the black powder collected from Qadar Pur- Bhong 36" diameter pipeline segment
3. Participated in Pigging operation of Qadar Pur- Bhong 36" pipeline segment collected technical data and submitted critical evaluation on Pigging operation by SNGPL
4. A comparative research investigation study on black powder in Qadar Pur- Bhong 36" pipeline segment and comparison with the report of Dr. Jhon Smart (consulting Engineer) to determine the exact source of black powder that caused huge damage to the assets to SNGPL of Bhong Gas compression stations.
5. Technical specification supplier's details and mechanism of isokinetics to SNGPL and also identification of point for the installation of on-line Isokinetic at Qadar Pur delivery point to determine the route of black powder in Qadar Pur- Bhong pipeline segment.
6. A feasibility study on 5MM CFD biogas plants program for SNGPL
7. Design of energy economizer for saving gas consumption in small to medium size industry

Conferences / Workshops / Summit / Seminars / Symposiums

INTERNATINOAL LEVEL

Conference Papers

1. Presided over Annual General Body Meeting of UET Ministerial Staff Association.
2. Participated in a conference which was organized in collaboration with Punjab Higher Education Commission (PHEC) and Higher Education Department (HED).

12. Panel discussion on "Paradigm Shift in Higher Education: From Theory to Practice" at the All Punjab Universities Innovation Expo 2022 at Faletti's hotel, Lahore 15-09-2022.
13. Participated as a panellist in a VCs’ Panel Discussion at Pakistan Chemical Expo 2022, jointly organized by the Pakistan Chemical Manufacturing Association (PCMA) and the Pakistan Institute of Chemical Engineers (PICHE). 20 July 2022

14. Participated in panel discussion organised by UMT on leading higher education during pandemic on 5th Oct 2020
15. Participated in 3rd International Conference on Engineering Sciences, December 21-22, 2017.
16. Participated as Review Panellist for Evaluation of the Presentation given by RAG-10, entitled, "Task Force on Power Sector Reformation" on 15-06-2016 (Wednesday).
17. Organized Dialogue on International Day of Education at Punjab Higher Education Commission Lahore on January 24, 2024.
18. Participated in the panel discussion on Role of Soft Interpersonal Skills in Enhancing Academic Outcomes organized by National College of Business Administration & Economics on April 18, 2024.

Memorandum of Understandings (MoUs) signed

1. MOU between University of Jhang and Business community along with president JCSTSI on 14th October 2020
2. MOU between University of Jhang and Al-Khwarizmi institute of computer science (KICS) on 10th December 2020
3. MOU between University of Jhang and NTU Faisalabad on 4th February 2021
4. MOU between University of Jhang and GC women University Faisalabad on 10th march 2021
5. MOU between University of Jhang and Changchun finance college changchun, Jilin, China , April 2021
6. MOU between University of Jhang and e-rozgar on 25th May 2021
7. MOU between University of Jhang and Dera Ghazi Khan on 26th May 2021
8. MOU between University of Jhang and Faisalabad chamber of commerce and Industry (FCCI) on 18th January 2022
9. MOU between University of Jhang and Faisalabad women chamber of commerce and Industry (FCCI) on 18th January 2022
10. MOU between University of Jhang and Muslim Institute on 21st January, 2022
11. MOU between University of Jhang and Association of Bio risk management, February 2022
12. MOU between University of Jhang and LCW university Lahore on 12th april 2022
13. MOU between University of Jhang and KFUEIT on 18th April 2022

14. MOU between University of Jhang and University of home economics, Lahore on 25th April 2022
15. MOU between University of Jhang and University of Education, April 2022
16. MOU between University of Jhang and Government college women University Sialkot, April 2022
17. MOU between University of Jhang and Quaid-e-Azam University Islamabad, April 2022
18. MOU between Punjab Higher Education Commission, Allah Waly Trust, University of Punjab, the University of Engineering and Technology (UET), Fatima Jinnah Medical University (FJMU), King Edward Medical University (KEMU), Allama Iqbal Medical College (AIMC), and the de'Montmorency College of Dentistry to to provide scholarships to needy students.
19. MOU between Punjab Higher Education Commission and Association of Private Sector Universities Pakistan, July 2023.
20. MoU with the University of Veterinary and Animal Sciences Lahore to develop cooperation and to promote mutual understanding between the Parties on facilitation in smooth organization of training workshops, conferences, seminars, and other capacity-building activities for the leadership, senior management, staff, faculty members, and students of Higher Education Institutions (HEIs) in Punjab as well as PHEC, September 2023.

Teaching

1. Instrumentation and Process Control to final year students
2. Heat and Mass Transfer Operations to third year students
3. Chemical Process Technology to second year students
4. Chemical Reaction Engineering to 6th semester students
5. Fluid and Particle Mechanics to third semester students
6. Production and Operations Management to Final Prof students
7. Industrial Management and Process Economics to final prof students
8. Thermo-Chemical Conversion Processes to M. Phil Coal Technology students
9. Marketing and Financial Management to MSc Coal Technology students
10. Organizational Behavior to MS students.
11. Management and Strategy Management to MS students.

12. Advanced Coal Technologies to M.Phil Coal Technology students
13. Energy & Environmental Engineering to M. Sc. Energy & Environmental Engineering
14. Thermochemical Conversion Processes to M. Sc. Energy & Environmental Engineering

New Courses Introduced and Programs Designed

Programs Designed

2014: M.Phil. Coal Technology

2017: M.Sc. (Engg.) Energy & Environmental Engineering

Research Supervision

PhD

1. Influence of Torrefaction on the Grindability and Thermochemical Characterization of Pakistani Biomasses and Coal
2. Air-Staged Co-Combustion of Coal and Agricultural Residues
3. Kinetic Analysis of Thar Coal and the Effects of its Blending and Air Staging on Nox Reduction
4. Synthesis characterization and application of novel eco-friendly polymeric leather tanning agents
5. The Mediating Role of Innovation and knowledge Management in the Relationship of TQM and Organizational Performance.
6. An investigation of the Role of ISO 9001 Implementation in Achieving Competitive Advantage.

7. Effects of Triton-X-1000 and Microbial Consortium on Phytoremediation of Crude Oil Contaminated Soil.
8. Application of Quality Function Deployment(QFD) for sustainable supply chain performance(SSP) and exports enhancement in Halal Meat Industry by the Global by the global technical standards (GTS): A CASE OF PAKISTAN
9. Hydrothermal liquefaction of mixed waste plastic for the production of naphtha like hydrocarbons (*Under process*)
10. Composite emembranes for textile dyes removal from industrial effluents by nano-filtration process. (*Under process*)

M.Phil. / M.Sc. (Engineering)

1. Implementation of TQM in Pakistani Manufacturing Companies, an empirical investigation
2. Development of Training Program for pharmaceutical sales personnel in the light of TQM needs
3. Role of Govt./Public sector to enhance exports from Pakistan
4. Methods of designing territories in pharmaceutical
5. Use of innovative tools in marketing strategies as Current Marketing in Pharmaceutical
6. How to choose an appropriate leadership style
7. Managing Sales force in marketing context
8. Thermogravimetric Analysis of Biomass Char in Inert Atmosphere
9. Identification of Mineral Matter in Indigenous Coal Samples using XRD and XRF Techniques
10. Extraction of Rice Bran Oil by using Ethanol-Water System
11. Cleaning of High Sulfur Lakhra Coal by Heavy Media Separation Process
12. Up-gradation of Choa Saiden Shah (Chakwal) Coal by Heavy Media Separation Process Using Magnetite as Heavy Media
13. Synthesis and Characterization of Potassium Silicate Fertilizer using Lignite Coal and Fly Ashes of Bituminous and Sub bituminous Coal
14. Oxidative Desulfurization of Chakwal Coal by Potassium Permanganate, Ferric Sulphate and Sodium Hypochlorite.
15. Co-Liquefaction of Coal and Rubber Tires at different operating conditions for value added fuel

16. Beneficiation of Lakhra Lignite Coal through Reverse Floatation.
17. Study of Ash Fusion Temperatures, Fouling and Slagging Indices of Chakwal Coal before and after Froth Floatation
18. Production of Fuel Oil from Waste and Thar Coal
19. Thermal and Catalytic Kinetics of Charcoal Oxidation
20. Clean of High Sulphur Lakhra Coal by Heavy Media Separation
21. Oxidative Desulfurization of Chakwal Coal by Potassium Permanganate, Ferric Sulphate and Sodium Hypochlorite
22. Beneficiation of Lakhra Coal by Leaching with H_2O_2/H_2SO_4 Mixture
23. Dyes Removal from Textile Effluent by Physicochemical Technique.
24. Thermochemical Analysis of Biomass Char in Inert Atmosphere.
25. Role of Export Promotion Bureau in Pakistan
26. Gauging the Strength of Distribution Network & Brand Pull for Shell Pakistan Limited
27. Effect of Biomass Blending with Coal on Gaseous Pollutants and Combustion Efficiency
28. Effects of Rice Husk Co-Combustion with Coal on Gaseous Emissions and Combustion Efficiency
29. An Investigation of Poultry Farm Waste as Potential Fuel and Source of Nutrients to Agricultural Land.
30. Production of Fuel Oil from Waste and Thar Coal.
31. Pyrolysis Kinetics of Rice Husk, Corn Cobs, Peanut Crust and Khushab Coal under Inert (N_2) and Oxidative (dry air) atmospheres by Using TG-DTA techniques
32. Isolation and Characterization of sulphate reducing bacteria from coal and water
33. Thermal and Kinetics Study of Rice Husk, Corn Cobs, Peanut Crust and Khushab Coal. Under Inert (Nitrogen) and Oxidative (Dry Air) atmospheres.
34. The Thermogravimetric Studies of EVA (Plastic) with three distinct types of coal.
35. Thermal Analysis and Combustion Kinetics of partially Pyrolyzed Eucalyptus Residues using Thermo-Gravimetric Analyzer.
36. Combustion Characteristics Study of Thar Coal Blends with Cotton Stalk., Sugar Cane bagasse and Copolymer Shoe Waste (EVA).
37. Synthesis of Solid Amine Sorbents using Coal Fly ash for CO_2 capturing from Flue Gas.
38. Slagging and Fouling Propensities of Indigenous Khushab Coal, Municipal Solid Wastes, Agriculture Residual Wastes and their Blends.

39. Thermal and Kinetic Analysis of Coal; Municipal Solid Waste and Their Blends under Air and Nitrogen Environment.
40. Thermal Characteristics of Chamalang Coal, Wood Saw Dust, Corn Stalk and their Blends via Thermogravimetric Analysis.
41. Graphene synthesis from Pakistani coal and its utilization as a filler to fabricate Multi-Perm selective mixed membrane to capture CO₂
42. Combustion Characteristics study of Thar Coal blends with cotton stalk, sugarcane bagasse and copolymer shoe waste (EVA)
43. An investigation of poultry farm waste as potential fuel and source of nutrients to agricultural land
44. Synthesis of solid amine sorbents using coal fly ash for CO₂ capture from flue gas
45. Investigation of the impact of 62 thermoelectric operating parameters on the power production from the 660 Mwe power plant by artificial intelligence techniques
46. Thermogravimetric Studies of EVA(plastic) with three distinct types of coal
47. Thermal and kinetic study of rice husk, corn cobs, peanut crust and khushab coal under inert (Nitrogen) and oxidative(dry air) atmospheres

M.Sc. Coal Technology

1. Cleaning of High Sulphur Lakhra Coal by Heavy Media Separation
2. Cleaning of Lakhra Coal by Agglomeration using diesel oil
3. Up gradation of Khushab Coal by heavy media separation
4. Effect of pH on Floatability of Chamalang Coal using Anionic and Nonionic Collectors
5. Cleaning of Dukki (Baluchistan) coal by oil agglomeration process.
6. Effects of coals blending on HGI (Hardgrove Grindability Index)
7. Study on compressive strength of test blocks made of blends of cement, fly ash and sand.
8. Effect of coal ranks on Hardgrove Grindability Index (HGI) values
9. Study of thermal behaviour of indigenous and imported coals using Thermogravimetric (TGA).
10. Upgradation of Mianwali Coal by froth flotation using oleic acid as collector.
11. Reduction of chemical oxygen demand (cod) of textile waste water by using coal ash.
12. Upgradation of Mianwali coal by combination technology (Froth Flotation and leaching)
13. Synergetic effect of anionic and non-ionic collectors on floatability of Makerwal coal.

14. Effect of sodium silicate as depressant for mineral matter in flotation of Makerwal coal.
15. Cleaning of Dukki Coal by agglomeration process using n-Hexane.
16. Effect of corn cob blending with Mianwali coal on flue gas emissions.
17. Upgradation of Lakhra coal by Froth Flotation using Oleic acid as collector.
18. Determination of Hardgrove Grindability Index of float products by heaving media separation of Khushab and Lakhra Coals.
19. Effect of Biomass blending with coal on fuels Gas during oxygen deficient combustion.
20. Estimation of Grindability by Sink Float Test Data of Dukki and Sharigh Coals
21. Upgradation of Chamalang Coal by Combination Techniques (Agglomeration by Using Furnace Oil and Froth Flotation)
22. Upgradation of Chamalang Coal by Combination Techniques (Agglomeration by Using Diesel Oil and Froth Flotation)
23. Cleaning of Dukki Coal by using Combination Technology (Heavy Media Separation and Froth Flotation Technologies)
24. Upgradation of Dukki Coal by using Combination Technology (Heavy Media Separation and Froth Flotation Techniques)
25. Effect on Comparative Strength of Test Blocks Made of Blends of Cement, Fly Ash and Sand
26. Beneficiation of Lakhra Coal by Leaching with H_2O_2/H_2SO_4 Mixture
27. Study of Comprehensive Strength and Thermal Conductivity of Cement-Fly Ash Blend Mortars.
28. Cleaning of Dukki Mines Coal by Agglomeration with n-Heptane.
29. Agglomeration of Chamalang Coal by Lubricating Oil: Effect of Stirring Speed, Oil Dosage and Mesh Size.
30. Desulfurization and Demineralization of flotation concentrate of Mianwali Coal by Leaching with Sodium Hydroxide.
31. Steam Gasification of Coal in Locally Fabricated Bubbling Fluidized Bed Gasifier
32. Extraction of Humic Acid from Coals
33. Froth Flotation of Khushab Coal Using Saline Water
34. Upgradation of Mianwali Coal by Combination Technology (Froth Flotation and Leaching)
35. Chemical Cleaning of Mianwali Coal Using Peroxy Acetic Acid

36. The Effect of Partical Size and Heating Rate on Combustion Behaviour of Dukki Coal Sample and Biomass (Cotton Stalk) by Using Thermogravimetric Analysis (TGA)
37. Desulfurizaiton of Dukki Coal by Using Sodium Borohydride (NaBH₄)
38. Desulfurization and Demineralization of flotation concentrate of Mianwali Coal by Leaching with Calcium Hydroxide.
39. Desulfurization and Demineralization of Mianwali Coal by Combination Technique (Flotation and Leaching)
40. Extraction of Liquid Humic Acid from Lignite Coal.
41. Thermal Characterization, Municipal Solid Waste and their Blends.
42. Co-Firing of Municipal Solid Waste with coal and its effects on Gaseous Emissions.

B.Sc. (Engg.) Chemical Engineering

1. A plant design report on production of 300 MT/Day industrial alcohol from molasses using flocculent yeast & TBR
2. A plant design report on the production of 1400 MT/year of acetone via dehydrogenation of isopropyl alcohol.
3. A plant design report on the production of 200,000 MT/year vinyl chloride from ethylene.
4. Design project on the production of sheet glass by float glass method.
5. A plant design report on the production of BTX from 150 MT per day of plant formate (Fractionation section)
6. A project design report on production of 10 Tons per day of formic acid from hydrolysis of methyl formate.
7. A plant design report on the production of 1000 tons per day of urea from CO₂ & NH₃ By total recycle process.
8. Plant design report on the production of 1400 MT/year of ethylenediamine from ethylenedichloride
9. A plant design report on the production of Mono-ethylene Glycol 200 T/Day.
10. A plant design report on production of 6,00,000 Tons/yr of purified terephthalic acid.
11. A plant design report on Hydrotreating of naphtha
12. Manufacturing of self-indicating silica Gel
13. A Process Report on the Production of Biogas
14. A process report on TGA & DSC of a random sample of Polyurethane

15. A plant design project on production of 52-38 TPD of Synthesis gas via gasification of 30 TPD of coal
16. A plant design report on the production of 250 MT/day bio-ethanol through fermentation of molasses
17. A process report on burning behaviour of coal and biomass in air and inert atmosphere
18. A plant design project on production of 800 MTPD of Ammonia from Thar Coal
19. A design project report on production of Synthetic Gas from 50 Tons/Hour of Thar Coal using the Kopper-Totzek Gasifier
20. A plant design project on the production of 3500 MTPD Urea by advance cost and Energy saving 21 (Aces21) process
21. A Process Report on the production of Biodiesel from Waste Vegetable Oil.
22. A Process Report on Synthesis of Alkyd Resin
23. A project Report on the production of Styrene from ethyl benzene.
24. A Project Report on the production of 50 T/day of Power Alcohol from Molasses
25. A Project Report on the production of PTA from P-xylene
26. Desulfurization of Chamalang Coal by chemical oxidation using KmnO_4 pH9.3.
27. A Process Report on Thermal Analysis of Biomass
28. A Plant Design Project on Production of Syn Gas from 50 KW FBDB Gasifier.
29. A Plant Design Project on Production of 75 TPH steam Generated by Coal Fired Circulating Fluidized Boiler.
30. A plant Design Project on the production of Syngas from Coal using 50 KW Lurgi Gasifier.
31. Preparation of Urea Formaldehyde Resin
32. A plant design project on production of Synthesis Gas by coal using high temperature Winkler Gasifier.
33. A Process Report on preparation of activated carbon from Coal (CHAMALANG) by chemical activation.
34. A Process Report on Comparative Characterization of Biomass
35. Production of High-Octane Gasoline 1340 BPD from Naphtha

New Initiatives

1. Launched Innovation and Invention Award in Punjab Higher Education Commission, Lahore

2. Launched Best Research Article and Best Book Award in Punjab Higher Education Commission, Lahore
3. Policy Guidelines for Establishment of New Public Sector Universities and Sub-Campuses in the Punjab Province in Punjab Higher Education Commission, Lahore.
4. Launched Indigenous PhD scholarship program in Punjab Higher Education Commission.
5. Organized all Punjab Universities Innovation Expo 2023 on the platform of Punjab Higher Education Commission on 20th November 2023.
6. Organized all Punjab Universities Innovation Expo 2022 on the platform of Punjab Higher Education Commission on 15th November 2022.
7. Policy for the appointment of Registrars, Treasurers, and Controller of Examinations in Public Sector Universities of Punjab.
8. Policy recommendations regarding composition of Syndicates of the public sector Universities of Punjab province.
9. Policy for eligibility criteria for the teaching positions in universities and colleges of Punjab.
10. Launched Training programs for Registrars, Treasurers, Directors ORICS and Director QECs of the Universities in Punjab Higher Education Commission, Lahore
11. Launched Training Programs for the faculty members of public and private sector universities in Punjab Higher Education Commission, Lahore
12. Prepared proposal for College reforms in the public sector colleges of the Punjab province in Punjab Higher Education Commission, Lahore.
13. Established Botanical Garden at University of Jhang
14. Established Counselling and Assessment Centre at University of Jhang
15. Established Medical Centre at University of Jhang
16. Established Day Care Centre at University of Jhang
17. Established Faculty Café at University of Jhang
18. Established Green Youth Movement Club at University of Jhang
19. Established ORIC Steering Committee at University of Jhang
20. Established Writing Centre at University of Jhang
21. Established e-Rozgar Centre at University of Jhang
