

First Annual – Chemical Engineering and Technology “Student Experience Photo Contest – 2011”

This is NOT a competition about photography skills. It's simply looking for images which can raise the profile of the profession and help the community to develop, explore and understand Chemical Engineering and Technology.

Show us where you have done internship and what you have observed. You are invited to share your photos—taken by you—that depict your co-op work place with other students of the University of Engineering and Technology Lahore and have chance to get participation certificate and win one of three great prizes.
